Sydney, NSW 2000

Experienced Civil Engineer with 11+ years in large infrastructure and utility projects, seeking to contribute to your construction company's innovative projects. Highly motivated, energetic, and organized, with a passion for learning, mentoring, and professional growth. Currently pursuing a Master of Professional Engineering (Civil Engineering) at the University of Technology Sydney (UTS), Sydney, Australia.

PROFESSIONAL EXPERIENCES

- **Trainee Engineering Surveyor** **Mar 2026 – Present**
  East West Surveyors (Pty) Ltd, Sydney, Australia

  Responsible for:
  - Conduct topographic, construction, and as-built surveys using Total Stations, GNSS (GPS), and digital levels.
  - Set out horizontal and vertical control points for roads, buildings, bridges, utilities, and other infrastructure projects. Perform site measurements and collect accurate survey data for engineering and construction purposes.
  - Process survey data using software such as AutoCAD, and Magnet.
  - Prepare survey reports, plans, sketches, and coordinate calculations.
  - Verify construction works by conducting as-built surveys and comparing completed work with design drawings.

- **Project Engineer** **Apr 2021 – Jan 2025**
  Coral Property Developers (Pvt) Ltd, Sri Lanka

  Responsible for:
  - Prepare, schedule, coordinate, and monitor the assigned engineering projects.
  - Monitor compliance with applicable codes, practices, QA/QC policies, performance standards, and specifications.
  - Interact daily with the clients to interpret their needs and requirements and represent them in the field.
  - Perform overall quality control of the work (budget, schedule, plans, personnel's performance) and report regularly on project status.
  - Assign responsibilities and mentor the project team.
  - Monitor work for compliance with established methods, guidelines, standards, and procedures.
  - Review work of team members for completeness and quality of work prepared, and provide mentoring through feedback and instructions as needed.
  - Provide input to management to aid in decisions related to discipline and grievance resolution.
  - Provide information and instructions to the assigned team verbally and in writing as needed.

- **Senior Site Engineer - Structural** **Apr 2019 – Mar 2021**
  Coral Property Developers (Pvt) Ltd, Sri Lanka

  Responsible for:
  - Ensure progress of the work is achieved through safety standards, within time, budget, and quality requirements.
  - Effective and timely project mobilization, ensuring that the project team is well briefed on the project requirement, standards, and deadline.
  - Ensure availability of site permits, authority permits, manpower arrangements, and timely availability of all resources.
  - Coordinate with the technical teams for the approval of shop drawings and materials submittals.
  - Ensure the project program is updated, and weekly progress reports are made for internal and the client.

- **Site Engineer - Structural** **Sep 2017 – Mar 2019**
